Overview

At Easterside Academy we aim to encourage teachers and Parents/Carers to support each other in the education of our children. We welcome the involvement of Parent/Carers in the work and life of the school. Knowing that this ensures children thrive and do well.

This policy outlines how we aim to develop and maintain an effective and positive working relationship between school and home for the benefit of the child.

We are working towards the Leading Parent Partnership Award which will recognise and improve the ways we work with Parents and Carers.

Aim

1. To involve Parents/Carers as partners in the work and life of the school helping us to promote the school's aims and policies.
2. To create simple and user friendly communication systems with Parents/Carers to keep both school and home informed of what is happening in their child's life.
3. To gather and put into action Parent/Carer views and ideas where possible.
4. Enhance every child's learning opportunities by using the skills and experiences available from both the Parent/Carers and local community.
5. To involve Parents/Carers in the social and extra curricular life.

Objectives

1. Actively involve Parents/Carers in the education and progress of their child by:
 - Sharing with Parents/Carers a clear and accurate picture of their child's progress and achievement.
 - Working with Parents/Carers in identifying learning goals for children and in finding and implementing agreed solutions when problems arise.
 - Involving Parents/Carers in meeting learners' individual and special needs.
 - Building on the work that Parents/Carers have done with their children and enabling them to continue to support the learning process both in and out of school.
2. Identify the skills and experiences of Parents/Carers and consider how these can be fully utilised to support children's learning opportunity.
